Sir:

**PRELIMINARY AMENDMENT**

In order to place the above-identified application in better condition for examination, please amend the application as follows:

**IN THE CLAIMS**

Cancel claims 1 through 14 and add the following new claims:

15. (New) A modified polypeptide having human granulocyte colony stimulating factor activity (hG-CSF),

- (a) wherein at least one group of the carboxyl, mercapto or guanidino group in the molecule of the polypeptide is chemically modified with a polyalkylene glycol derivative; or
- (b) wherein the polypeptide has the amino acid sequence of SEQ ID NO:1, wherein at least one group of the amino, carboxyl, mercapto or guanidino group in the molecule of the polypeptide is chemically modified with a polyalkylene glycol derivative.

**Match & Return**
